Bureau of Land and Waste Management's Notice of Request to increase tonnage limits to 115,500 tons per year at an existing Industrial Solid Waste Class I (Appendix I) Landfill.

The South Carolina Department of Health and Environmental Control (DHEC) has received a request from Pee Dee Environmental Services Inc. to increase their tonnage limit to 115,500 tons per year at their existing Industrial Solid Waste Class I (Appendix I) Landfill located two miles north of the city limits off of North Irby Street in Florence, South Carolina.

The Department requires a permit to be issued for this type of operation pursuant to S.C. Code Ann. Sections 44-96-10 et seq. (Supp. 2002) and 25A S.C. Code Regs. 61-107.16 (Supp. 2002). The Department has completed the review of the permit application and found the application meets all technical requirements of Regulation 61-107.16, Industrial Solid Waste Landfills. The draft permit is being public noticed in order to receive comments concerning all aspects of the permit application and draft permit. Copies of both the permit application and draft permit are available by appointment for public viewing during normal working hours at the following locations:
